

'Thankyou!' to all our loyal customers

We at Continental Eagle thank all our loyal customers. We have a good mix of customers in our sales area with whom we have been able to develop a close relationship over almost three decades as a local business.

We carry a great range of quality stock that we believe caters to all our customers. If we don't have it in stock we will go above

and beyond to be able to source anything that is requested, whatever it maybe e.g. a left hand threaded bolt.

Our sales staff have years of hands-on experience, with a broad range of knowledge and the contacts to research what ever the customer requests.

Our quality and friendly service is the

foremost important part of our business, we pride ourselves in providing this.

Tough times have made us what we are today. We have had to encounter many droughts and recently contended with COVID-19. We have persisted and worked hard to get through these times, it's made us look at alternatives, to adapt and change with the time - concentrating on the

positive things that we could do to make it better and not focus and waste our energy on the negatives that we can't change.

All this we couldn't have done without you, our most important customers.

Thank you again.

RIGHT: Continental Eagle team member, Ian Johnston - "we've got everything from boots to drillbits!"
